COMMONWEALTH OF KENTUCKY IN THE)	
COUNTY OF MADISON)	

O R D E R

On August 30, 2001, Crown Communication Inc. and Kentucky CGSA, LLC d/b/a Cingular Wireless ("Applicants") filed an application seeking a Certificate of Public Convenience and Necessity to construct and operate a wireless telecommunications facility. The proposed facility is to be located at 889 Duncannon Lane, Richmond, Madison County, Kentucky. The coordinates for the proposed facility are North Latitude 37° 39' 29.45" by West Longitude 84° 17' 55.66".

The Applicants have provided information regarding the structure of the tower, safety measures, and antenna design criteria for the proposed facility. Based upon the application, the design of the tower and foundation conforms to applicable nationally recognized building standards, and a Licensed Professional Engineer has certified the plans.

Pursuant to 807 KAR 5:063, the Applicants have notified the local planning unit of the proposed construction. The planning commission is duly authorized to review the

uniform application but has failed to respond with any decision within 60 days. To date, the local planning unit has filed no comments and, pursuant to KRS 100.987(4)(c), the application is presumed approved. The Applicants have filed applications with the Federal Aviation Administration ("FAA") and the Kentucky Airport Zoning Commission ("KAZC") seeking approval for the construction and operation of the proposed facility. Both decisions are pending.

The Applicants have filed evidence of the appropriate notices provided pursuant to 807 KAR 5:063. The notices solicited any comments and informed the recipients of their right to request intervention. The Commission received letters of complaint from Lee Ann Moss Shroul on September 7, 2001, and M. Kenneth Bellamy on September 12, 2001. Of the two, only Mr. Bellamy chose to intervene in the matter. The Commission granted intervention to Mr. Bellamy in an Order dated November 9, 2001, and a hearing date was set for December 19, 2001. However, the Commission did not receive any notice from Mr. Bellamy of his intent to appear at the hearing. Therefore, the hearing in this case was cancelled.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon complaint or on its own motion, that the facilities of any utility subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, the Applicants should notify the Commission if they do not use this antenna tower to provide service in the manner set out in their application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the

proper practices, including removal of the unused antenna tower, which should be observed by the Applicants.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that the Applicants have demonstrated that a facility is necessary to provide adequate utility service and therefore should be granted a Certificate of Public Convenience and Necessity to construct the proposed facility.

IT IS THEREFORE ORDERED that:

1. The Applicants are granted a Certificate of Public Convenience and Necessity to construct a wireless telecommunications facility. The proposed facility is to be located at 889 Duncannon Lane, Richmond, Madison County, Kentucky. The coordinates for the proposed facility are North Latitude 37° 39' 29.45" by West Longitude 84° 17' 55.66".

2. The Applicants shall file a copy of the final decisions regarding their pending FAA and KAZC applications for the proposed construction within 10 days of receiving these decisions.

3. The Applicants shall immediately notify the Commission in writing, if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of 3 months in the manner authorized by this Order.

Done at Frankfort, Kentucky, this 17th day of December, 2001.

By the Commission

ATTEST:

Executive Director
